

# CAREER DEVELOPMENT PROGRAMMES

Our career development programs are designed to empower employees by providing tools, resources and opportunities they need to achieve their full potentials.

## Early-Academy

As part of our Early Career development program, we offer accredited essential skills courses to the early career development stage, such as Workplace, Digital, Entrepreneurial and Technical courses

## Early-Consulting

A primary focus of Early-Consulting is the development of a program, its activations, recruitment, induction, learning, graduation and reporting

### About us

We're a startup management consultancy that specializes in early career development programmes

### What we do

Through our strategy, design, implementation and reporting of early career development programs, we assist companies in building their out talent from scratch.

### How we do it

As a result of our industry experience, we have developed an Early Careers Development framework that is tailored to the South African skills development landscape based on our knowledge of the industry.

### Why choose us

We understand that each career journey is unique. Our consultants work one-on-one with you to create a customised plan that aligns with your individual goals, skills, and interests.
